

## **FACULTY POSITION IN AGRICULTURAL HEALTH & SAFETY**

### **Department of Occupational and Environmental Health The University of Iowa College of Public Health**

The University of Iowa, College of Public Health invites applications for a tenure-track faculty position (Assistant or Associate Professor) in Agricultural Health & Safety.

#### **Department of Occupational and Environmental Health**

The Department of Occupational and Environmental Health serves an important role in education, research, and outreach in the State of Iowa and the nation. The Department offers a rich environment for collaborative activities. Eighteen faculty direct or participate in an array of programs, including:

- A NIOSH-funded agricultural health research center
- A state funded agricultural health research and outreach center
- A NIOSH-funded occupational health and safety education and research center
- A CDC-funded injury prevention research center
- A NIEHS-funded environmental health sciences core center

#### **The Position**

Applications will be considered at the level of Assistant Professor or Associate Professor. The successful applicant at either rank will be expected to teach graduate-level courses and direct graduate thesis research; develop an extramurally funded research program; and contribute to the design, implementation and evaluation of outreach and education programs.

#### **Iowa City**

Iowa City is a vibrant Midwestern university town with an intellectual and cultural atmosphere, diverse international community, a dynamic downtown full of shops and restaurants that is adjacent to campus, great public education system, friendly people, affordable homes, easy commutes, and many other assets that make it one of the highest ranked cities in the country:

\* Forbes Magazine No. 8 "Top Up and Coming Tech Cities"

\* Forbes Magazine No. 10 "Smartest City"

\* Forbes Magazine No. 2 "Best Small Metro Cities for Career"

\* Kiplinger No. 10 "Smart Places to Live"

#### **Qualifications**

Applicants should have a doctoral degree (e.g. PhD, DVM, MD) in a relevant science or engineering field as well as experience in agricultural safety and health. They should clearly demonstrate potential to develop and lead a nationally prominent, externally funded research program. Applicants should have publications in the peer-reviewed literature and demonstrated teaching ability. In addition, applicants should have an academic focus compatible with the programmatic interests of the Department of Occupational and Environmental Health. Desired qualifications include experience in the design, implementation, and evaluation of rural and agricultural health and safety programs; and demonstrated knowledge of agricultural production practices.

**To Apply**

To apply for this position, please visit <http://jobs.uiowa.edu>, requisition #59395, where you will be asked to submit a curriculum vitae, a statement of research interests, and the names of three professional references. Please address inquiries and nominations to the search committee assistant, Ms. Brenda Schropp, at [Brenda-schropp@uiowa.edu](mailto:Brenda-schropp@uiowa.edu), or call (319) 335-4414.
